EXPERIENCE

ReactJs Developer Trainee Webbrains Technologies	Sept 2023 - July 2024 Vadodara, Gujarat
<ul style="list-style-type: none">Developed and maintained user-friendly web interfaces using React.js, JavaScript, HTML, CSS, and other modern web technologies.Collaborated with the design team to implement responsive and visually appealing designs.I have also created a weather app, to-do list, and movie app. I also utilized Axios for API calls and learned various methods.	
Software Developer Trainee Digikentro	June 2022 - Feb 2023 Vadodara, Gujarat
<ul style="list-style-type: none">Completed 2 months of training, a 2-month internship, and 5 months of full-time work.Gained experience in web design and maintenance using Report Builder software and AL language in Microsoft Dynamics 365 Business Central.	

PROJECTS

- COVID-19 Statistics Website** : Developed a webpage displaying COVID-19 statistics for multiple countries and specific dates using the Axios library for API calls.
- Weather APP** : Created a React.js weather app that provides real-time weather updates based on user input, featuring state management and error handling.
- MOVIE APP** : Built a movie app using JavaScript and React.js, incorporating Axios and Redux for state management, Tailwind CSS for styling, and CRUD functionality.

EXTRA-CURRICULAR ACTIVITIES

- Actively participated in workshops on game development and web designing.
- Enjoyed learning and using different software to build games.
- Engage in gaming streaming, combining a love for video games with community interaction, showcasing creativity and communication skills.
